

Cold-brew tea, a brand new tea suggestion

Just add tea leaves
and cold water to the pot for a simple,
delicious cold-brew.

Slow cold-brews bring out fresh,
sweet flavors from teas without sourness or bitterness.

A lid with attached mesh filter
prevents leaves from
being poured into the cup.

Art. Nr. **MDTE-7TW**
Name : Teapot "Take" with handle
Spec. W122·D106·H200(mm) 700ml
